## Arbour-Fuller Hospital Announces Leadership Changes

**[November 1, 2006] South Attleboro, MA:**

Mr. Gary Gilberti was recently promoted to the position of Division Vice President, Universal Health Service and Chief Executive Officer, Arbour Health System, after having served as CEO of Arbour-Fuller Hospital for nine years. As a result of this change, Mr. Robert Mansfield has been appointed Chief Executive Officer of Arbour-Fuller Hospital effective November 6, 2006. Located in South Attleboro, the hospital has inpatient and outpatient programs for adolescents and adults needing mental health and substance abuse treatment.

Having served as CEO at several acute care and behavioral health hospitals prior to joining Arbour-Fuller Hospital, Mr. Mansfield is more than qualified to oversee his new administrative responsibilities.

“We are very happy to welcome Mr. Mansfield to Arbour-Fuller,” says Gary Gilberti, CEO of Arbour Health System of which Arbour-Fuller Hospital is a member. “He is a multifaceted, results-oriented healthcare executive offering a wealth of knowledge and experience in operational, clinical and financial functions who will be a true asset to Arbour-Fuller Hospital.”

Mansfield hopes to continue the development of high-quality mental health and substance abuse programs responsive to community needs while maintaining service excellence standards including patient and employee satisfaction. Arbour-Fuller Hospital has attributed its past success to a strong management and clinical team and a dedication to exceeding customer expectations, strengths that Mansfield plans to preserve.

Prior to accepting his position at Arbour-Fuller, Mansfield worked as CEO of Mesilla Valley Hospital, located in New Mexico, before assuming the position of CEO of the health system to which it belongs, Peak Behavioral Health Services. Previously, he also held the position of CEO at Northern Indiana Hospital and at Rock Creek Center, located in Illinois.

Robert Mansfield received his Master of Management Degree from Cambridge College in 1996. He received a Bachelor’s Degree in Social Work from Southern Vermont College in 1993. Mansfield also attended Franklin Pierce College in New Hampshire.
