

DESCRIPTION OF PROGRAM

The Adult Partial Hospitalization Program (APHP) is a day program providing mental health care for adults over the age of 20 who have behavioral, psychiatric and/or neuropsychiatric difficulties.

The program offers a full range of services, including multidisciplinary evaluation and treatment, a highly structured milieu, and coordination of continuing care needs.

The purpose of a partial hospitalization program is to prevent a psychiatric hospitalization and/or to provide an extended period of restabilization after an inpatient stay. The APHP, located at Arbour Counseling Services in Haverhill, provides adults with comprehensive evaluation and treatment planning, medication management, psychoeducation and family counseling as indicated. Members of the program enjoy being with others in group therapy.

ADMISSION CRITERIA

- 20 years of age or older
- Have emotional or psychiatric symptoms that are severe enough to require intensive treatment in order to restore functioning
- Not actively suicidal or homicidal or unable to contract for safe behavior

Arbour Counseling Services is a division of Arbour Health System, the largest private behavioral health system in Massachusetts. Arbour Health System consists of Arbour Hospital, Boston; Arbour-Fuller Hospital, South Attleboro; Arbour-HRI Hospital, Brookline; Pembroke Hospital; Westwood Lodge; Lowell Treatment Center; The Boston Center; Arbour Counseling Services, with 11 locations throughout eastern Massachusetts; and Arbour SeniorCare.
