

THE PROGRAM COMPONENTS

The Adult PHP provides time-limited, therapeutic intervention designed to restore and maintain a maximum level of functioning. A full range of therapeutic services is available in an attractive, convenient community setting. These services include:

- Initial psychiatric assessment
- Continuous psycho-pharmacological management
- A multidisciplinary treatment team with expertise in trauma, substance abuse, grief and loss, and behavioral health
- Daily psychotherapy, psycho-education, and expressive therapy groups
- Art, Music, Movement, Drama modalities
- Dual diagnosis treatment
- Trauma group track
- Trauma recovery aftercare with individual EMDR maintenance when appropriate
- Individual therapy and case management
- Coordination of concurrent care with outside caregivers
- Discharge planning

The program operates from 9:00 am to 3:00 pm with groups starting at 10:00 am, Monday through Friday. Each individual receives regular medication management throughout their stay.

Arbour Counseling Services is a division of Arbour Health System, the largest private behavioral health system in Massachusetts. Arbour Health System consists of Arbour Hospital, Boston; Arbour-Fuller Hospital, South Attleboro; Arbour-HRI Hospital, Brookline; Pembroke Hospital; Westwood Lodge; Lowell Treatment Center; The Boston Center; Arbour Counseling Services, with eleven locations throughout eastern Massachusetts; Arbour SeniorCare; and Choate ESP.

Phone: (508) 678-2833 • Fax: (508) 675-9640
Easy Access to Quality Mental Health Services
www.arbourhealth.com

DESCRIPTION OF PROGRAM

The Partial Hospitalization Program provides service to adults ages 19 and over. The program either continues the evaluation and stabilization process initiated on an inpatient unit, or functions as a diversion from hospitalization for patients who require a highly structured treatment program. Patients receive individualized, focused, goal-oriented treatment to facilitate stabilization of symptoms in a less restrictive, non-institutional environment.

The overall program philosophy incorporates a disease and recovery model for both psychiatric and substance abuse disorders. The model emphasizes:

- Education to patients and families regarding the nature of the disorder that precipitated admission.
- Treatment and recovery to stabilize acute symptoms and restore functioning to potential.
- Acquisition of specific cognitive and behavioral skills for symptom management and development of social supports. This may involve DBT and CBT skills.
- Understanding and development of Recovery Management and Relapse Prevention strategies.

ADMISSION CRITERIA

- 19 years of age or older
- Have emotional or psychiatric symptoms that are severe enough to require intensive treatment in order to restore functioning
- Not actively suicidal or homicidal or unable to contract for safe behavior
- Any medically necessary detox must be completed prior to admission
- Able to engage in group therapy

REFERRAL PROCESS

For immediate assistance and access to care, referring therapists and potential patients may call the Intake Department, 24 hours a day, 7 days a week, at 800-22 ACCES (222-2237) or the Partial Program Director, at (508) 678-2833. To refer a patient to partial hospitalization, you may obtain prior approval from the patient's insurance company before contacting the Intake Department, or we can do an on-site evaluation and contact the insurance company with information needed for authorization.

Arrangements can be made with most insurance companies. This PHP is currently out-of-network with Massachusetts Behavioral Health Partnership (MBHP).

Referrals are accepted from locations including but not limited to: hospital inpatient units, mental health clinicians, family members and self-referrals.
